

Congressman J. Dennis Hastert

**27 N. River St.
Batavia, IL 60510
630.406.1114**

Dear Student:

Thank you for taking the time to contact my office regarding your interest in the United States Military Academies. I applaud you for your initiative. The nomination process for my office includes the following:

- Filling out an application form with your personal information and extra curricular activities, scholastic honors, athletic and employment history.
- Submitting a letter of intent explaining why you want to attend the U. S. Service Academy.
- Submitting your ACT or SAT test scores. The actual ACT or SAT score reports may be sent directly to our office. Scores included on your transcript are also acceptable. You may also retake the test and send us the new scores when they become available.
- Submitting your official transcripts through your junior year. If you are currently attending college, please submit your most recent transcript.
- Submitting a list of courses taken your senior year. The Academy looks at your GPA plus the course content you are taking. If you are attending college, please provide a listing of the classes for the current or upcoming school year.
- Submitting completed evaluation forms. One letter from a teacher or coach, one letter from a counselor or principal, and one letter of your choice from a non-family member is needed. These should be submitted on the enclosed form in a sealed envelope.

All application documents must be received no later than December 1, 2007 at Congressman **Hastert's Batavia Office, 27 N. River St., Batavia, IL**. Late applications will not be considered.

I truly admire the commitment you have shown. I extend my best wishes as you continue forth on your educational path. If my office may be of any further assistance regarding this matter, please contact Kathy Rhodes of my staff at 630.406.1114.

Sincerely,

J. Dennis Hastert
Member of Congress
